VOL. LXXIX NUMBER 42

THIS was the table which held the most interest for spectators Friday night at the finals of the bridge match. The Elmer Eberman's were matching wits with Mrs. Lloyd Murrie and Mrs. William Brook, with the Ebermans finally winning.

Eberman's Winners Of Bridge Match

Mr. and Mrs. Elmer Eberman emerged the victors in the Friday-night final play-off for the Bridge championship.

The final match, between the Ebermans and the team of Mrs. William Brook and Mrs. Lloyd Murrie, was held at Pat's Lounge. The final match to determine the winner of the consolation round was held at the same time.

Winners of the consolation round were Mrs. Anton Stanich and Mrs. Roman Vos. Their opponents were Dr. and Mrs. Alan Thain.

About fifty spectators watched the final matches. A running account of the scores was kept posted on the bulletin board to keep the audience informed as to how the play was going.

The winners of both matches, and the second place winners of the championship match, received trophies at the Lions Club dinner and meeting Monday night. The bridge tournament was sponsored by the Lions Club.

500 Children Join In JC's Egg Hunt

About 500 children had a preview of Easter when they joined in the Jaycees' Easter Egg Hunt at the Antioch Grade School grounds last Sunday.

Five hundred eggs were hidden by Jaycees, 275 of them contained slips which the children redeemed for prizes. Tom Zeman, Rt. 4, Box 285, Antioch, five years old, was the lucky finder of the egg which entitled him to a new bike. Tom is the son of Mr. and Mrs. Frank Zeman.

The Jaycees purchased all the prizes given in the Easter egg hunt.

JOAN TANNER, the Jaycees Beauty Pageant winner, presented a bicycle to Tom Zeman, Route 4, Box 285, Antioch, winner of the main prize in the Jaycees Egg Hunt last Sunday.

Candidates State Stand On Village Problems

Antioch voters will go to the polls next Tuesday for the third time in two weeks to elect a mayor, a village clerk and three trustees.

Voting will be at the Village Police building at 875 Main St. The polls will be open from 6 a.m. to 6 p.m. Only residents of the village of Antioch are eligible to vote.

It is generally conceded that Ray Toft and incumbent Mayor Murrill Cunningham are the two main candidates in the race for mayor. In view of this fact, we asked the two candidates several questions as to their positions on certain problems that they will have to deal with as mayor.

One of the first duties of the mayor, after election, will be the appointment of a police chief. Mayor Cunningham's choice in the past has been Walter Scott. Scott's official retirement is expected on May 1, and for some months he has not been active.

Ray Toft unhesitatingly named Sergeant Jack Heick as his choice for the post of Chief of Police. Ray, as chairman of the Police Committee, was the man responsible for bringing Heick to Antioch as a member of the police force. Heick formerly worked for the Lake County Sheriff's department.

Mayor Cunningham was rather reluctant to name his choice but when pressed said, "I like the way Jack Heick is operating."

How to relieve the congestion of traffic on Lake Street?

"Lake St. will have to be widened," Ray said. "If we had more room for parking, we could eliminate the parking on Lake St. and this would solve the problem. Now, the traffic piles up whenever anyone has to make a left turn. With the road widened, and parking eliminated, the problem would be solved."

Mayor Cunningham thinks widening Lake St. will solve 90% of the traffic problem. "I think, before long," the Mayor said, "Spafford St. will be extended to the Plaza. That will also relieve the traffic congestion."

We asked the Mayor how he expected to pay for the many improvements he has promised in his campaign literature, without additional cost to the taxpayer. "The additional money in the motor fuel tax fund that we should receive after this census is taken," the Mayor said, "will be plenty to re-surface and re-blacktop the streets that need it. We have enough surplus money now from water and sewer connections to pay for the new well and the filtration plant."

Mayor Cunningham thinks the zoning ordinance which was rejected by the public some time ago should be approved and enforced. And he would like to see more members of the public at the village board meetings.

The Mayor has long advocated removal of the parking meters on Main St., as a means of stimulating business, and has said he will cooperate with the Chamber of Commerce in the plan to demolish one or more buildings, and purchase property to create a parking lot in the area now occupied by Casey's Tap. The problem of financing the project has not been settled.

Ray Toft said, "It sounds good, but it's going to take a lot of money to buy and tear down those buildings. I wonder if we couldn't get as good results by buying the parking lot behind these stores on the west side of Main St., and blacktopping it. Then if the merchants whose backdoors open on the lot would improve the back of the stores, with entrances on the parking lot, I think we'd get as good results with less expense."

Ray feels that the meters on Main St., with the violations ticketed and strictly enforced, help the parking situation there. "However," he said, "this is up to the Main St. merchants. I'd want a survey of the opinion of the merchants, and let the opinion of the majority decide that question."

Ray feels that requests for building permits should be thoroughly investigated by the building commissioner, and his recommendations accepted by the village board. He thinks many of these matters have been handled too haphazardly in the past.

"I think every member of the board should be given all information available on any subject coming before the board before action is proposed," he said. "Too many times matters come before the board that we know nothing about, and are disposed of before we have a chance to find out."

Charter Issued To Local Corporation

Secretary of State Paul Powell has issued a charter to the following corporation: Thumbs Up, Ltd., Rt. 2, Northshore, Loon Lake, to engage in the selling of alcoholic beverages. Issued to Nicholas E. Yannacone and Anton J. Calthamer.

Village elections will be held Tuesday, April 20. Polls will be open from 6 a.m. to 6 p.m. at the Antioch Police Station on Main St. To be eligible to vote in Tuesday's elections, voters must have resided in the state for one year, in Lake County for 90 days, and in the village for 30 days. A mayor, village clerk, and three trustees will be elected.

Lions Club Mardi Gras April 24

The Lions Club annual Mardi Gras party will be held at the Four Aces on Route 173 at Channel Lake this year on Saturday, April 24. Activities will start at 8 p.m.

There'll be dancing, fun and refreshments available throughout the evening. Jim Olson is chairman of the party.

This is one of the Lions Club annual fund raisers, and proceeds go to support their many civic activities. Although the best-known of these are the Antioch Rescue Squad and the Pool, they are busy throughout the year at less-publicized projects. They have bought numerous pairs of glasses for those unable to finance the purchase; aid the blind, providing leader dogs and training to use them; sponsor the athletic banquet at the High School each year; and often buy school equipment.

In addition to the many local projects, Lions Clubs throughout the nation support a program for the blind, including support of the Hadley School for the Blind.

Board Votes To Close C. Lk. School

The Antioch Grade School Board voted Tuesday night to close Channel Lake School for the 1965-66 school year and transport all Channel Lake students to Oakland Grade School.

The decision followed a stormy board session. The board first proposed opening Channel Lake School next fall, as usual, but with fewer teachers, incorporating two classes in a room under one teacher. There were objections to this and the decision to close Channel Lake School was finally reached.

Les Sorensen, board president, said Wednesday that the Channel Lake School will re-open when there is enough student population to operate with one class per room.

One Channel Lake resident who has been active in school affairs for some time, hearing of the decision, commented bitterly that "we've been sold down the river."

Tuesday night's board meeting was the first meeting of the board since election. Les Sorensen was re-elected president and Elroy Anderson as board secretary. New members of the board, Peter Poulos, Dr. Fred Bobzien and Richard Harland were seated on the board.

President Sorensen said, "It has been our aim all along to make the transition as smoothly as possible. One of the Channel Lake classes would have only 11 students. It would not be economically feasible to operate a room and hire a teacher for so few students."

"It seems to me that this is the best possible plan. All students in the district are assured of an equal education. We have room at Oakland for the Channel Lake students. By closing the school, we may be able to save enough money to make valuable additions to the school curriculum."

Announce State Scholarship Awards

The winners of 1965-66 State Scholarships have been announced by Dr. Lloyd S. Michael, chairman of the Illinois State Scholarship Commission.

Antioch students who were winners are Kathleen M. Albrecht, Sandra J. Bieganic, Bruce R. Dalgaard, John J. Delany, Jr., Randy K. Hughes, Diane M. Kretsch, Susan G. Lindblad, John J. Murphy and James A. Steffenburg.

Scholastically, these students have qualified in the tests and are eligible for monetary awards up to \$750 a year. The financial awards, however, are made on the basis of financial need.

Those students not qualifying for financial awards receive Certificates of Merit. Should their financial status change at any time during their college career, they may apply for the scholarship aid.

Those students attending out-of-state colleges are not eligible for financial aid.

Help Tornado Victims With Load Of Food

Mr. and Mrs. Harold Young, owners of the Merry-Go-Round Bakery in Antioch, did their bit last Monday to help some of the victims of Sunday's tornado at Crystal Lake.

The Youngs sent a load of bread, rolls and bakery goods to the stricken area Monday to help feed the hundreds left homeless by the storm.

Ernie Westlund delivered the food to the Crystal Lake High School Monday. Sightseers were being kept out of the area by State Police. Ernie was able to enter with his load of food by prior arrangement with the sheriff's office.

The Youngs said they would send more food Tuesday if it were needed.

Six people were reported killed in the Crystal Lake area by the tornado which struck shortly after 4 p.m.

Ray Toft, 36, heads the Citizen's Party slate as candidate for Mayor.

Ray lives at 374 Harden St. with his wife, Joan, and two daughters, Debby, 12, and Kathy, 10. He is owner and operator of Ray's Shell Station and Ray's Fuel Oil Service.

Ray has served four years on the Village Board. He was a member of the Antioch Grade School Board for three years. (His wife, Joan, is now on the Grade School Board). He is a member of the Lions Club and a past treasurer; a member of the Fire Department for 11 years, now a Captain, and was president of the Fire Dept. for two years; he was a member of the Chamber of Commerce for five years; a member of the American Legion and the Veterans of Foreign Wars, and a veteran of the Korean War; a member of the Moose Lodge; and was a member of the Antioch Auxiliary Police force, now out of existence. Ray helped organize the Auxiliary Police and was a Captain.

Ray is chairman of the Police Committee of the Village Board.

If elected Mayor, Ray says, he is for progress and responsibility in government. "We intend to keep a watchful eye on spending and see that the taxpayer's money is spent prudently," he said. "I've seen Mayor Cunningham's platform — filtration plant, sidewalk improvement, all sorts of improvements. Well, the filtration plant has already been approved by the village board, so that's beside the point. Better sidewalks, better streets, better parking — course I want them. Who doesn't? But the taxpayers

Sunday. At least 140 were reported injured and 200 or more homes demolished by the wind.

Westlund said Monday, "It's the most awful mess you ever saw. Houses just piled in heaps, cars smashed and piled on top of each other. People were hunting through what was left of their homes, trying to find some of their belongings."

are going to have to pay for them, and I intend to find out whether they want them enough to pay for them before I promise such a program."

Ronald Vos, 32 years old, 801 Main St., is the candidate for village clerk on the Citizen's Party slate.

Ronald works for Bones Construction. He and his wife, Marie, have six children — Kenneth, 11; Patty Ann, 10; Michael, 6; Mark 5; Ronald, Jr., 3, and Donna, 1½.

Ronald grew up in Antioch. He belongs to the Knights of Columbus and the Antioch Fire Department. He has not previously held any elective office. "I have a fair knowledge of book-keeping and feel I'm well qualified for the office of village clerk," Ronald said. "I'd like the job, and agree with the aims of the men I'm running with."

H. Roger Williams, 405 2nd St., Antioch, is running for re-election to the village board on the Citizen's Party ticket.

Roger and his wife, Jean, have three sons — Gregory, 14, Kurt, 15, and Gary, 17. Gregory attends Antioch Grade School, Kurt and Gary are students at Antioch High School.

Roger Williams was born and raised in Antioch. He operated Williams Department Store with his brother for about 20 years.

Roger has served four years on the Village Board. He is chairman of the Streets and Lighting Committee.

As for his platform, Roger is making his bid for re-election simply on a platform of good government. "We could promise a lot," Roger said, "but it will all have to be paid for with the taxpayers' money."

Arthur Meierdink, Jr., is one of the three candidates for village trustee on the Citizen's Party slate.

Arthur lives at 571 Orchard St., with his wife, Norma, and two children, Arthur III, 16, and Darlene, 12. He has been an employee of Illinois Bell Telephone Co. for 24 years and is a member of the phone company's "Pioneers" Club. He attends the Methodist church.

"If I'm elected as a village trustee, I intend to go into the job with an open mind," Meierdink said. "I'm going to school Tuesday nights now, (continued on page 3)

Announce Actions on Drivers Licenses

Secretary of State Powell has announced the following actions of the drivers license division of his office:

The license of Casimir W. Zaleski, Rt. 2, Box 562, Antioch, has been suspended following three violations. Basil A. Stefanski, 267 Hazelwood Dr., Antioch, has been charged with driving while his license or permit has been suspended or revoked.

ACHS Concert Band Named Best Of Day

The Antioch High School Concert Band under the direction of Joseph Rush gave a nearly flawless performance in the Illinois High School Association Band and Choir Competition held at Evergreen Park on Saturday, April 10, and was named best band of the day in its class. The numbers prepared for the competition were:

Capriccio Espagnol — Rimsky-Korsakov

Miniature Set for Band — White

An overall Superior rating was received from each of the four judges evaluating the band. One judge commented, "This is a joy to hear. Truly a superior band. Wonderful to see such fine music performed so well... a real credit to the education profession."

Antioch's Senior Choir received a third place award in the same competition. It should be pointed out that the Choir is undergoing an extensive building program under its new director, Ralph Brooke. Great things are expected of them in the future.

The following students comprised the award-winning band:

John Olisar, Barbara Casella, Susan Lindblad, Pat Prossie, Penny Garrison, Joseph Shirk, Marilyn Bennecke, Gail McLean, Juanita Gillum, Linda Brown, Virginia Clark, Glen Bocox, Soniya Eliechek,

Vote Tuesday For Progress

A mayor and three members of the village board will be elected in Antioch Tuesday. Who is chosen to serve in these posts will be important to the future of Antioch.

The village, like any growing community, has a good many knotty problems to solve if it is to continue to grow and compete with the surrounding towns. Parking, street maintenance, water and sewer, a growth of industry, maintenance of a competent police department—they must all be dealt with. There is a need, not only for vigor and constructive ideas, but a watchful eye on the money spent to accomplish these ends. If expenses and taxes are to be kept from soaring upward, every project must be accomplished efficiently, and as economically as possible.

The office of Mayor is particularly important. The Mayor is the leader in civic affairs. He appoints the chief of police, the building commissioner, the committees of board members who will investigate and report to the full board on all matters involving the village. Who he appoints, whether or not he insists that they do a good job—and whether or not he leaves them free to do a good job—will determine the progress of village affairs.

Our choice for the office of Mayor is Ray Toft. Ray has been a member of the village board and knows the problems that confront the village. He has ideas on how to solve them and, more important, a willingness to consider other's ideas on solutions.

He has proven his ability to choose good men to work with him. As chairman of the police committee, he reorganized and up-dated the office. He urged the hiring of Jack Heick and has made good use of Heick's knowledge of modern police methods.

He has steadfastly refused, throughout the campaign, to promise miracles of achievement at no extra cost to the taxpayers. He has qualified every suggestion for improvements with "if the people are willing to pay for it".

He will bring fresh vigor, fresh ideas, and an eagerness to prove his abilities to the office of Mayor. Without underrating the achievements of Mayor Cunningham, we believe that in the eight years he has served as Mayor his best ideas have been used. He feels no need to tackle with vigor the many jobs facing a Mayor.

We are impressed, too, with the fact that Roger Williams chose to run on Toft's slate. Mr. Williams has proven his ability as a conscientious, hard-working board member. He deserves re-election.

Courthouse Notebook

BY LOU DURKIN

Somewhere, sometime, David Van Patten, the long-time Newport Township Supervisor and chairman of the county board's Finance Committee under a long procession of Board Chairmen, must be shaking his head in disbelief at the operations of the Board of Supervisors.

The recent declaration that abating the levy for rent and maintenance of the county building would bring about deficit financing must have shocked the former board leader even beyond the grave.

What would have shocked the venerable Van Patten even more was the suggestion that a pledge to abate the tax should be disregarded.

Timing of the announcement was excellent, coming two days after the township election and close on the heels of a resumption of work on the new courthouse building, which of course isn't a courthouse building, but an administrative office building.

County Finance Director Robert Morrison suggests that added expenses of the judiciary brought on by the implementation of the blue ballot judicial reform is primarily responsible for the ticklish financial condition

in which the county now finds itself.

This is probably true to some extent, but there are additional expenses incurred in the past couple of years which have added their bit to the picture.

Backers of Waukegan Supervisor August Cepon will no doubt blame the sudden grim financial picture on the removal of Cepon as chairman of the Finance Committee, a post he lost a year ago when he opposed the election of Kenneth Henke to the board chairmanship.

Even without an election in the near future it would seem that the board can hardly afford to go back on its pledge to abate the tax for building rental if they have any hope of maintaining public confidence.

Cepon appears to be losing some of his power on the county board despite his leadership of the largest single township bloc of votes.

Despite a clean sweep by his Citizens Party ticket in the township elections last week and the elimination of John Balen as a board member, the veteran Waukegan township leader can no longer count on the unquestioned loyalty of the Waukegan assistant supervisors.

Letters to the Editor

Dear Sir:

The introduction of Senate Bill 293 by Senator Rosander and cosponsored by Senator Coulson in the 74th General Assembly has been hailed by deputies. This bill, if approved by the legislators, would have a profound effect on the job security of sheriff's deputies and their career as law enforcement officers. The position of a deputy would be filled on a basis of merit rather than political reward. The Lake County Board of Supervisors, through this bill, would have the authority to establish a Merit Commission. The commission responsibilities will be to write rules, regulations, and disciplinary procedures to implement the merit system. Under this bill, all deputies presently in the service of the sheriff would acquire a merit status on the day the county board makes it effective. From that day on, all selections, appointments, promotions, and dismissals from the service would be in the hands of the commission members.

Thus, if this bill is adopted, all applicants for the position of a deputy sheriff would be appraised by the commission as to their relative fitness for public trust through open and competitive examination. A merit system would provide an excellent manifestation for deputy's "esprit de corps" and a powerful factor in creating public respect.

Law enforcement is a serious business with many ramifications for a deputy who has a collateral responsibility and obligation to protect life and property. He must by necessity, deal with violence and unpredictable natural and man made conditions. The complexity of law enforcement with the growing problem of crime and traffic control brings him into daily contact with all people, criminal and non-criminal. This interrelationship depends on integrity and training of the deputies upon whose shoulders rest the enforcement. Law enforcement officers require constant individual adjustment to keep up with the

It is no secret that Louis Andracki, the dean of the board, and George Olson were slated for re-election over Cepon's disapproval and they would be less than human if they looked for opportunities for revenge.

Anton (Ben) Urban, who replaces Balen in the Waukegan contingent, is reportedly more beholden to Taisto Aho than to Cepon for his place on the party ticket which could make Aho the kingpin in the Waukegan group.

There is little likelihood that Cepon will be removed as chairman of the Lake County Building Commission, but it is unlikely that he will be the board power he has been in the past.

Chairman Henke may be doing him no favor by keeping Cepon as Building Commission chairman because of troubles looming ahead.

There will be four new faces on the county board when it meets to re-organize and elect a new chairman, but the turnover was not enough to cause Chairman Henke any misgivings about his chances for a second term.

It is unlikely that a strong opposition group can be developed in the little time available before the meeting, but Henke can anticipate some trouble when he starts making committee assignments and the budget prepared next fall for the 1966 fiscal year will certainly be given closer scrutiny than those of recent years.

A few impatient golfers have already opened the golf season, but most of them are waiting for more golfable weather.

And many golfers are awaiting the opening of the new public fee layout being readied at George Diamond's near Antioch or Harry Nielsen's nine hole addition to Brae Loch at Gages Lake.

With the growing popularity of golf the day may not be far distant when the Lake County Forest Preserve District Board of Commissioners will have to start thinking about the construction of some municipal courses.

modern professional concept. However, a deputy in his present status is not able to measure up to his noble vocation for he is constantly preoccupied with thoughts related to his job security. It is a painful psychological experience to him and his family not only on a daily basis but also and more especially at the time a change of administration takes place. The younger deputies, who want to make a career out of police work and provide some future for their families, stay with the sheriff's office only for a period needed to acquire police experience. They then leave for another department where job security is stable and where the opportunity to advance in rank is commensurate with pay. By losing young and efficient police officers the people of this county are not receiving the maximum benefit of the tax dollar that they invested in an individual who holds the position of a deputy. The local police departments are always happy to have him. They utilize his ability, skill and his knowledge to bring prestige to their own department.

Law enforcement and politics do not mix, yet there must be a mutual respect between them if each expects to maintain the confidence of the public. Both have a rich philosophy, historical traditions and scope of operation. The general public must recognize the need for change. Satisfactory progress cannot be realized if the public remains only on the receiving end; it must give as well as receive. The public must give moral support to legislators and to their public servants to meet the demands of our time. The postponement of a merit system and professionalization in a police organization cannot be morally or logically justified on reasonable grounds.

To the Editor:
Mr. Depke, supposedly representing the best interests of the electorate of Warren Township as a member of the County Board of Supervisors, is surprisingly uninformed about County finances.

Maybe he just reads the wrong newspapers — News Sun, Independent Register, Lakeland Press.

At the special County Board meeting, Thursday, April 3, Mr. Depke peevishly blamed everybody other than himself for his ignorance. Cried he, "It has always been the saying that everything was all right and that we were not going to have a levy. Now, we find out that we do not have enough money to go around." (Had Mr. Depke been read-

ing Spotlight, he wouldn't have been quite so glib.)

Perhaps a \$5 membership in the Association of Collective Taxpayers (ACT) which would assure his receiving our publication, would be beneficial. Though we have been accused of circulating "half-truths and innuendoes", present events seem to validate all we have said:

1. The courthouse will not be "free".

2. The County Board will not abate the tax to pay the revenue bonds to the Building Commission.

3. The "urgently needed courtrooms" are not in the 3½ million dollar 1st phase, nor are the "imperative" new jail quarters.

If Mr. Depke is uninformed as to the financial situation regarding the Courthouse construction, could it be possible that he has less knowledge than he needs to defend Public Works and Data Processing, also?

However, Mr. Depke can find some small comfort in the realization that he was not alone in his naive faith. The Civic League, sitting in on Budget meetings to protect the interests of Lake County taxpayers was as trusting as he. Further, 3 former County Board Chairmen, Mr. Cepon, Mr. Berning (the present County treasurer) and Mr. Robert Dickson, all of whom one would assume had made a thorough investigation of County finances, stated publicly that there would be no tax levied to construct the courthouse. It seems cruel that Mr. Morrison who is not an elected official but an expensive appointee, did not acquaint our Supervisors and the highly respected Civic League of deficits in 1960-61, 1961-62, 1962-63, before the County Board was foolish enough to sign the lease with the Building Commission, doesn't it?

If Mr. Morrison did so, would our County Board members knowingly have jeopardized their solemn promise, "We will levy no tax—the Courthouse will be built with current funds"? That is a question only they can answer.

ALONG THE WAY with Annie Mae

This month of April sure does pack a historical wallop! Not only did we have a history-making tornado this past weekend, but did you know that this was the month of the assassination of Pres. Lincoln, the death of F.D.R., the birth of Thomas Jefferson and this year the passing of a great man of the cloth, Cardinal Meyer.

THE LATEST REPORT: One candidate for mayor of our fair village could make a big hit with the "man on the street" if he would resolve to install a sidewalk on the west side of Broadway for those who have to hoof it between the stores on Lake St. and the new shopping Plaza. . . . say, did those State Bank lovelies ever hit the jackpot in the Easter egg hunt. . . . Carolyn (Mrs. Gus) Kostoff, J. V. Horton, and Jim Bruski are all "on the mend" after recent surgery. . . . we bid adieu to a dear friend, Kay Phillips, who left this week to make a new home near her Naval Officer husband in Newport, Rhode Island.

THE LAST DROP: If there has been any doubt in your mind whether Spring has actually arrived, you should have driven out to Spring Valley C. C. last Sunday. Those fairways were literally crawling with golf-bugs, do your pockets feel lighter today? They should, for this is the day your Uncle Sam collects his room and board money. . . . Those Lions were up to their old tricks again Monday night when those plastic eggs hatched some pretty diabolical schemes. Just ask Red Murrie, Leonard Roblin, and Art Meyer. . . . My personal thanks to a favorite fan of mine, Hester Garland, who took the time to send a very complimentary note all the way from Minnesota. . . . one last two cents worth, I am not an advocate of over-indulgent censorship, but would certainly appreciate the theater owners' co-operation in scheduling appropriate movies on date nights. We hardly think sexy Italian movies are proper visual aids for teen-age daters.

DID YOU HEAR: The really happy man is the one who can enjoy the scenery when he has to take a detour. Your gal Thursday, Annie Mae

NOTES TO YOU: We wish it were possible to disclose to you the name of a truly Good Samaritan, who saw to it that a dead, homeless war veteran received proper burial recently. Just wanted you all to know that there are folks in this world who do care! . . . I think Barry Van Patten is probably the most uniformed fellow I know. He dons a police uniform this week for a three weeks stint at police training school, and when he finishes he puts on his Marine garb for a two week bivouac in California.

PROMISE 'EM ANYTHING but give 'em higher tax bills. Now that township elections are over, the County Board is suddenly astounded to discover that they're going broke. Strange, news like this never comes out just before election. And passing strange, that so many good businessmen could fail to know the financial status of their business. Could it be that they devote more thought and time to their personal businesses than to the business of the county, which they are paid to run?

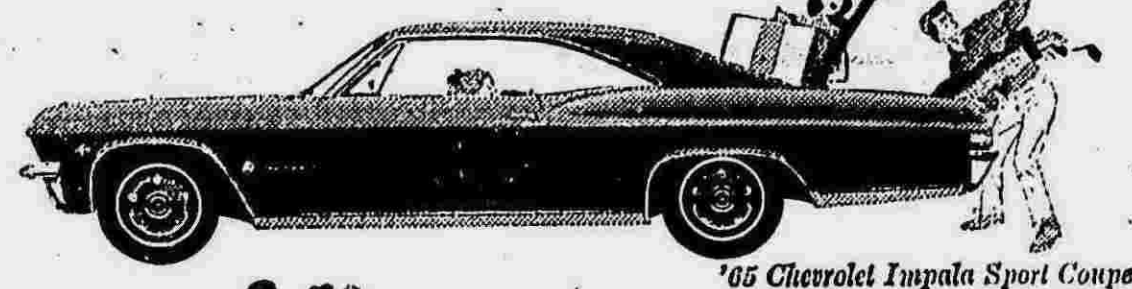

Well, perhaps they can find a way to blame the shortage of cash on the obstruction tactics of the Association of Collective Taxpayers.

I want to thank all the people who cast a vote for me in the Antioch Grade School Board election April 10. I do appreciate your confidence.

Twelve Injured In Two 3-Car Accidents

Two three-car accidents within a half-hour produced a colossal traffic jam on Route 173 west of Antioch Friday night and injured twelve people.

The first accident occurred at about 7:10 p.m. near Sequoit Harbor on Route 173. The car driven by Thomas M. Thompson, 17, 334 Elmwood Lane, Antioch, was going east on Rt. 173 when it was struck by a car driven by Charlotte Pokorney, 37, of Morley's subdivision, Antioch. The Pokorney car was traveling west.

The third car, driven by Eunice Swindle, 40, of Route 132, Lindenhurst, also traveling east, was involved in the accident when it was unable to stop in time to avoid the two cars which had collided. The driver of the Swindle car

said the Pokorney car was weaving out of its lane at the time of the accident. Passengers in the Pokorney car, Cheryl Morrison, 10, of Rt. 4, Antioch, and Donald Pokorney, 32, were taken to the Antioch Clinic by the Antioch Rescue Squad, as was Mrs. Pokorney.

A citation was issued to Eunice Swindle by sheriff's deputies for driving on a revoked operator's license.

The second accident, just west of the Antioch Bowl, was a direct result of the first one. With traffic stopped while police, the Rescue Squad and tow trucks worked at the scene of the first accident, a car driven by Rex Toomey, 47, Fort Sheridan, westbound on Route 173, struck the rear end of a car driven by Isidore Levin, 70, Chicago, and pushed it into the rear end of the next car in the line.

Toomey, who was issued a citation for following too closely, said he did not realize traffic was stopped.

The driver of the third car, John Niehoff, 26, of 4419A Hermitage, Chicago, and his wife, Barbara, were both injured. The Niehoff's daughter and son, passengers, were not injured.

Mr. Levin and a passenger in his car, Eula Bates, Chicago, were taken to Victory Hospital by the Antioch Rescue Squad. Passengers in the Toomey car, Myrtle, Charles and Muriel Toomey, were also injured.

were Mariann Fleider, who played Viola; John Haling, who played Sir Toby Belch; James Goetz, who played Malvolio; Tracey Sharp, the jested, and Patty Alsing as Olivia with her lovable maid."

A MUDDY FIELD caused this plane to flip over on its back as it tried to take off. The three occupants of the plane crawled out without serious injury.

Plane Flips In Muddy Field

Three men escaped serious injury last Saturday morning when their small plane flipped over while trying to take off from the Ferris Airport on Beach Grove Road in Antioch. Pilot William Doty, 20 years old of Zion, Kenneth Fickelman, Chicago, and Matthew Lewis, Great Lakes, had taken off from Waukegan Airport and flew to the Antioch airport. Doty was giving flying instructions to Fickelman. The third man, Doty said, "just went along for the ride."

The men landed in Antioch. When they tried to take off, the muddy field prevented them from getting up speed. The plane rose slightly but not enough to clear the fence around the field. After striking the fence, it flipped over in a wheat field. Maurice Loven, who lives near the airport, said he saw the plane flip over and ran to the scene. The men were crawling out of the cockpit as he approached. One suffered a cut on the head. All three men were taken to the Antioch clinic by the Rescue Squad.

Girls Scouts are usually thought of as cute little girls who wear pretty green uniforms and sell cookies. But there is much more to girl scouting, say their leaders.

Girl Scout troop 212, Venetian Village, accompanied by their leaders and committee mothers visited Mount St. Joseph's Home for Retarded Children on April 7. The girls presented large handmade scrap books to three of the cottages and also delighted the children with songs.

The director of the home requested a return visit because of the exceptionally good behavior and the joy they brought with them.

Nursing Service Makes 3,000th Call On Home Patients

Community Nursing Service of Lake County, Inc., last week made its 3,000th home visit to provide professional nursing care at home for Lake County residents. An average number of 15 visits each has been made to the 203 patients given care since the service was organized in April, 1962.

Services available to patients include general nursing care, dressing changes, injection, catheterization, rehabilitative aid, diet instruction and other treatments. Nursing care is provided by CNS throughout Lake County except Lake Forest, Lake Bluff, Highland Park and Deerfield areas where other organizations provide visiting nurse service.

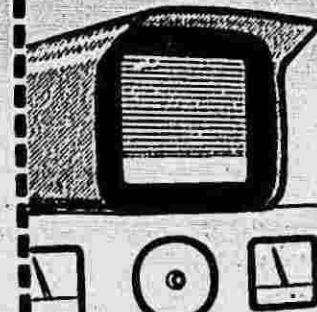

The recently revised fee for nursing service is \$7.00 per visit or \$5.00 if only an injection is needed. Support of the North Lake County

Community Chest, Barrington United Drive, the Mundelein United Fund, and CNS auxiliary projects help to provide the service for those unable to pay full fee. Nursing service is available Monday through Friday between the hours of 8:30 a.m. and 5:00 p.m. Nursing care at home under private physician's orders can permit patients earlier return home from the hospital and hospitalization may be avoided or postponed by use of professional care in the patient's own home.

VA To Rent Homes In Crystal Lake

The Veterans Administration today ordered the 43 homes it owns in the Crystal Lake-Carpentersville area made available for short-term rentals by victims of Sunday's tornado.

John B. Naser, VA Regional Manager for Illinois, said in Chicago that VA has always before instructed brokers handling the repossessed properties that only outright sale of each property will be authorized. "In the present crisis, the policy is being relaxed to permit one, two or three-month rentals, but only to families forced to seek new homes because of storm damage to their own. More than 125 homes in the Crystal Lake area were destroyed or damaged so badly they are uninhabitable."

Mr. Naser advised interested families to contact any real estate broker in the area. Lists of available properties have been made available to them by the Chicago office.

This is the season of the year when too many drivers discover that wet ice is slicker than dry ice. Matter of fact, it's twice as slippery, say the experts. And they add ice and snow increase braking distance from three to twelve times that required on dry pavements. Enough said?

4-H'ers To Have Special Meetings

Two special meetings have been arranged for Lake County 4-H members enrolled in the dog care and bird study projects. These meetings will be held in the Farm Bureau Building on the Lake County Fairgrounds starting at 1:00 p.m. Monday, April 19.

Mrs. Calvin Gwynne, Libertyville, superintendent of the County 4-H dog show will show motion pictures on breeds of dogs and dog care and training, and will discuss a number of factors of interest to the 4-H dog project members.

The bird study session will be in charge of Walter Vogt, Lake Zurich, and a well known naturalist. He will present slides of birds, records of bird songs, and information of interest to the bird members.

McClory Offers Amended Civil Rights Bill

Congressman Robert McClory (R, 12th Ill.) has offered an amended voting rights bill aimed at correcting deficiencies in the Administration proposal. The McClory version would apply throughout the 50 states wherever discrimination is practiced on the basis of race or color.

The bill would not outlaw reasonable literacy tests but would guarantee voting rights to qualified citizens having a sixth grade education. It would also avoid delays resulting from dilatory court proceedings by permitting provisional registration and voting pending court appeals.

A unique feature of the McClory measure would provide punishment for any who coerce or intimidate another to vote for a particular candidate or party under promise of Federal public assistance or other benefits, or the denial of such benefits. The measure also contains a "clean election" clause as recommended to the Senate Judiciary Committee recently by Senator John J. Williams (R, Del.).

Congressman McClory, who has participated in hearings on the voting rights legisla-

tion, will take part in the final drafting of the House bill in his capacity as a member of the House Judiciary Committee. "I hope that the Committee will adopt these amendments and recommend them in the final bill—and if the amendments are not adopted in Committee, I propose to offer them when the bill reaches the House floor," Congressman McClory declared.

He was joined in the voting rights amendments by other Illinois Republican Members, including Representatives Donald Rumsfeld of the 13th District, John N. Erlenborn of the 14th District, John B. Anderson of the 16th District, Robert H. Michel of the 18th District, and Paul Findley of the 20th District.

Plan Vehicle Safety Check For County

A large gathering of officials from Lake County is expected to help inaugurate a Vehicle Safety Check Program, by attending a meeting especially planned for this purpose, on Friday, April 16, at 8:00 p.m., in the office of the Lake County Safety Commission, 211 Peterson Road, Libertyville.

The Lake County Safety Commission hopes to mobilize the necessary support of all Lake County municipalities to make this vehicle Safety Check Program a huge success this coming May and June.

Invitations have been extended to mayors and representatives of their community to participate in this meeting. Members of the Commission, headed by Sheriff Charles E. Larson, Chairman, will be on hand to greet guests.

Planning the meeting is Mr. Earle Burdick, the Commission's coordinator, and Mrs. Vern A. Langille, Chairman, Illinois Vehicle Safety Check, who will pinpoint safety check activities and "how to do it."

This meeting will provide an opportunity for those in attendance to become acquainted with the work of the Commission, learn the facts about our serious traffic problems, and what the Commission is doing to meet the challenge.

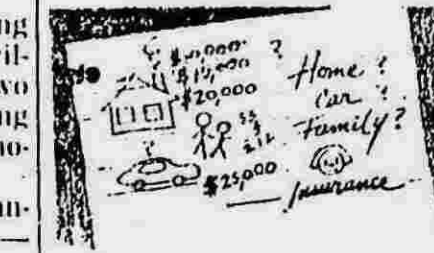

Keeping vehicles in top notch condition is a sure-fire way to help cut our accident rate in half.

Rare Bloom Grown By Flower-Lover

Mrs. Ethel Zabus of Channel Lake has a rare plant among the many she grows in her home with a bloom that she tells us is unusually large.

The plant is a stapelia, or carrion flower. One of the blooms is twelve inches across.

The stapelia, she says, is a tender green succulent plant, a native of South Africa, and not widely grown. The shrimp-colored flowers appear at the bases of the shoots and are star-shaped and five petaled.

MD Profits From Bowling Film

The ever-popular bowling film, featuring comedian Jerry Lewis in a special exhibition against all-time great Paul Krumpholtz, will be made available again this year for showings at league banquets and meetings. It was announced by Sam Weinstein, national board member of Muscular Dystrophy Association of America, Inc.

Produced to raise funds for Lewis' favorite charity, the 16 mm. sound film records the hilarious goings-on between Jerry and Paul during their appearance on Chicago's Tenpin Tattler show. The half-hour film, which is continually in great demand

at functions of league members, is available for donations to MDAA of a minimum of \$25 per showing. All funds from the rental of the movie help support the Association's research and patient service programs.

For advance information on how and where to obtain prints, write directly to MDAA, Inc., 203 North Wabash, Chicago, Ill., 60601.

Safety Com. Plans Bike Safety Program

The Lake County Safety Commission is in the process of preparing a Bicycle Safety program which will be introduced to communities in Lake County this spring.

The Commission plans to present the fundamentals of a

community bike program. Their recommendations include (1) test all bike owners for knowledge of traffic rules and regulations and for riding ability; (2) inspect all bicycles for mechanical safety; and (3) register and license all bicycles.

Benefits from a well-planned bike program, says the Commission, include a reduction in bicycle accidents and, through a licensing program, control of lost or stolen bicycles.

U.S.D.A. ... TableRite ... It's All The Same ... THE BEST

Have you ever wondered what U.S.D.A. means?

Well, so did we, so we took the time recently to ask Edward V. Schneider, head meat cutter for over 30 years and market manager for our local IGA for the last 9 years, served as our authority.

"U.S.D.A., when you see it stamped on a piece of meat", Ed explained, "literally means United States Department of Agriculture, Government Inspected Choice."

"And that's the only kind we buy here at IGA", Ed added. "The TableRite label on our meat is no accident either" Ed went on, "We select what we feel is the best of the Government inspected choice before we put our own stamp on it."

"The meat is selected for its eating quality, tenderness, firmness and with a minimum of waste we found. We try to insure that only the best gets into our showcase" Ed said.

If you don't believe it, test them next week when they will hold their semi-annual BEEF-O-RAMA at the Antioch IGA. Try it... steak or stew... hamburger or roast... it's "Table Right".

Village Depts. Report On March Activity

The Police Report for the month of March includes tickets issued for meter and no parking zones violations, 1; tickets issued for moving traffic violation, 17; tickets paid for moving traffic violations, 8; accidents reported, 10; petty larceny or grand larceny reports, 5; dogs impounded, 9; dogs disposed of, 6.

Two cases of shoplifting were reported in the village: one burglary, and two cases of equipment being stolen from parked automobiles.

The Fire Department answered two calls in March—one at the Capano home on North Ave., where a motor on a sump pump caught fire; the other at the Valentine Mikush home at Channel Lake, where the house caught fire when frozen water pipes were being thawed out.

The Water Dept. reports that 10,897,000 gallons of water were pumped in March, a daily average of 351,000 gallons.

The new well was drilled to a depth of 150 feet, Edgar Simonsen reported, and the water found unusable because of sand. A well will be drilled in a different spot.

The sewage treatment plant reported 13,880,000 gallons of sewage treated in March, a daily average of 460,000 gallons. The high flow, comments Charles Mapthorpe, was due to melting snow. A total of 432 pounds of chlorine was used. Mapthorpe reports 1.9 inches of rain during March, and 28 inches of snow.

Wild Game Separates Men From The Boys

By Commander L. Hartnett

Down through the ages the separation of the weak from the strong—otherwise expressed as the "separation of the men from the boys"—has been proven by acts of courage, strength, strong will, outstanding achievements in sports and the like. When the "Fathers" of St. Peter's played their "Sons" in an exhibition basketball game last Sunday—the men were really separated from the boys. The only trouble with this "act of separation" was that the "boys", whose average age was 40, became two feet tall; while the "men", whose average age was 13, became 8 feet tall. The Sons trounced their Fathers in an honestly won, hard-fought, foul-filled, action-packed game of basketball or at least I think it was! At times it was hard to tell whether it was rugby, football or basketball. At the end of the melee, which had the crowd continuously on its feet, the scores:

Sons 44, Fathers 42. St. Peter's 8th graders, who racked up 13 wins and 1 loss during the season, became the Conference Champions of the Northwest County Catholic Grammar School League. These youngsters, during the Father-Son game showed the "old man" how really old he was. Well-known Antiochians represented the town fathers at Sunday's spectacular. Or was it a debate? Such luminary "basketball greats" as Ryan, Walpole, Frank, Hevdeje, Badamo, Wells, Walsh, Abderholden, Gaa, Sterbenz, Buchta, Costoff, Larsen, Mulhern, Cernak, Koch, Hartnett, filled the Marquee at St. Peter's gym.

Sore muscles, backaches, swollen feet, and baited breath were some of the rewards for the "old men" during the "week-that-was," while their sons enjoyed enhanced prestige in their fathers' eyes. Things might have been different, however, if the name of Zeien could have been added to the "Fathers" team. They needed "seasoned old timers" and this one, half a century old, showed up those 20 years his junior during a pre-

game practice. When all was over, the Fathers were taught a sound lesson by their sons—never join the "Yacht Club." All season long the Fathers, sitting in the bleachers, would offer their sons all kinds of advice—"Ya oughta do this, ya oughta do that!" Now the tables have been turned and the sons can tell their Fathers what they "Yacht Club" do!

The game ran the gamut from heightened excitement, brilliant ball handling, to keen eyed shooting, interspersed with moments of boxing, wrestling, and tackling. Some Fathers mistook the basketball for a "pigskin." Karate enthusiasts would have loved this game. At one time in the game "Weasel" Badamo, spurt like a fox, shot at the wrong basket much to everyone's delight. Hockey playing was much in evidence, especially when "Doc" Abderholden and "Banker" Walpole played as defensive guards. One would think they were doing the "twist" in synchronous fashion as their "hip checks" invariably flatten every player that tried to come between them. These pillars of the community were like pillars of granite for any ball carrier who tried to pass through toward the basket.

Young Pat Ryan, a high scorer for the Sons team, can testify to the effectiveness of the "Abderholden-Walpole hip checkers" for more than once did he find himself flat on his back under the basket. Young Pat's fancy foot work was fabulous, and at one time he managed to get them strategically placed wherein Doctor Abderholden almost went on a long "trip." "All's fair in basketball and war." The Fathers yelled "foul" for they claimed they might need the doctor more for his "medical" rather than "basketball" talents.

Once during the game, Buchta, not realizing his strength, took a shot at the basket when he found himself in the clear. It was a great feat as he stopped, took aim and gracefully flipped the ball toward the hoop. It was a beautiful shot aimed right for the net

but it soared like an eagle right up and over the backboard only to rebound off the back wall and into play again. A man called Bob Gross, who played in the role of referee—of sorts, called it "off side" and penalized the Sons 10 yards toward the basket giving Mr. Buchta a closer free shot at the basket. Yes sir! He was a real cool "ref" who knew all the rules.

The "Mothers", by the way, were cheer leaders for their "Pops". Dressed in sweaters, pleated skirts, bobby socks and rag mop tops, they looked great shouting "Pops are tops." As one "old man" put it, "They don't look half bad after all these years!" Much to their sons' disgust, the Mothers added much zest to the afternoon of excitement, flash, and folly. It was a great day where Mothers and Fathers were kids again and their sons grew older with the score. The cheerleaders yelled:

"School days, school days The Dads are back in school days

Running and jumping and playing ball Oh heaven help them if they should fall.

Is there a doctor in the house? We may need him for our spouse!

We came to cheer them on their way. Just like we did in yesterday.

If you don't beat 'em in this fight Then you can beat 'em late tonight."

Secretly most Fathers were glad their Sons had won and the lads will never know if it was a "put-up" game or not.

Ozga Named Captain Of Stout Team

Bill Ozga, junior forward on Stout State's basketball team, was honored again recently by being named captain of the 1965-66 Stout team.

Ozga started his basketball career in Antioch High School. He's the son of Mr. and Mrs. Ted Ozga of Antioch.

Bill (The Big O) finished fourth in the Blue Devils scoring race, hitting 238 points in the 22 games for a 10.8 average. He was the third best rebounder on the team,

grabbing the ball 125 times. His highest-scoring game was a 22 point effort against La Crosse. Stout needed that game to stay in contention for the Conference title, and Ozga's heroics almost won the game for Stout. At one point in the game, Ozga poured in ten shots, hitting 11 out of 14 shots from the field.

Bill's father, Ted, attends nearly all of the games at Stout. Ted played some basketball in high school and at Stout himself.

Sequois Win Track Meet

Antioch's Sequoia successfully opened their outdoor track season last Friday by beating North Chicago 74 to 44 in a dual meet at North Chicago. Competing in brisk 35 degree temperature, the Sequoia thin-clads racked up 9 firsts in the 14 events.

Bruce Dalgard led the parade with a 15.7 effort in the 160 yard hurdles. Tom Morgan then racked up first place in both the 100 yard dash and the 220 yard run. His times were 10.4 and 23.8. Coach Roger Andrews was well pleased with the times turned in. "Running under the present weather conditions and for this early in the season I feel they are very good times," he said.

Martin Swede ran the half mile in a time of 2:08.5 for first in that event and Jim Effinger followed with a 54.8 time in the quarter mile for another first.

Dalgard took another first in the 100 yard low hurdles to join Morgan as the only two Sequoia to win two events. Dalgard's time was 19 flat. Jim Edwards accounted for the only other Sequoia individual win as he took first in the broad jump with a leap of 18' 6 1/4".

The half and mile relay teams took first in their respective events with times of 1:37.6 and 3:47.4. The half mile squad included Jim Edwards, Bruce Dalgard, Chuck Weber and Tom Morgan. In the mile it was Martin Swede, Bruce Young, Tom Wojnowiak and Jim Effinger.

The Antioch soph squad took first in 7 events also but lacked the depth and lost to the North Chicagoans, 64 to 53. Winners for the soph squad were Bill Sheldon in the 100, Jim Litchfield in the 440, Blaine Backman in the mile, Bill Sheldon in the broad jump, and Glen Ofstedahl in the high jump. Both relay teams won their respective events to account for the only other wins for the Sequoia.

There are 700 species of Finches.

So It's Spring- Take It Easy

Suddenly, it's spring. The symptoms are classic—and benign. Everything in nature is emerging from hibernation, and so are you.

For the birds, the bees and the bears, it is a season of replenishment after a long famine.

Consider the bear. All through the winter, he has slept in a cave. When he wakes in the spring he is thin and flabby.

While you didn't exactly sleep the winter away, you didn't starve either. So it's more than likely—given the combination of heavy winter eating and little exercise—that you're flabby, all right, but not fat.

Before you plunge headlong into a strenuous workout to work off the bulges, heed these words of advice from the Chicago Heart Association.

Why not start by getting a complete physical examination? You feel fine, you say? If your doctor confirms that statement, you're off to a good start. If something is wrong—weight, blood pressure, blood cholesterol too high—early detection and prompt treatment can put you back on the road to good health.

A regular checkup is the first step recommended by heart specialists for men who are in the age bracket when coronary disease becomes a major threat—say, age 35 and over. Regular physical examinations are helpful in spotting early changes. They open the way to treatment which can reduce the risk of serious trouble.

Even after you've been given a clean bill of health by your doctor, it is wiser to

work up gradually to strenuous activity—be it golf or play—after a long sedentary layoff, the Chicago Heart Association says.

Don't try to cram all the big jobs around the house into the first balmy weekend, and then top them off with a fast game of tennis. Get into action by walking and doing some of the easier, gardening chores at first. When you're in better condition, the bigger jobs won't overtax your muscles—and that includes your heart muscle.

This way your spring spruce-up can work two ways: you and your home will be the better for it.

When the boss doesn't get down until 11 o'clock, the tactful operator reports, "he's out just now," which sounds much better than "he hasn't come in yet."
